seminar paper from the year 2006 in the subject english language and literature studies literature grade 2 0 university of freiburg course monsters monstrosity and alterity in fiction and film language english abstract the commercial slogan of the biggest power authority in monstropolis sounds like a common saying that could also be heard in our tv and radio programmes and this slogan is not the only odd similarity between our human world and the movie monsters inc 2001 the movie one of the latest works developed by pixar animation studios in cooperation with walt disney pictures is an animated movie for children that sets in

a parallel universe namely a world of monsters monstropolis while this movie was not only extremely successful in the box office and nominated for an academy award in 2002 for best animated feature there is a lot more to discover beyond its surface considering the fact that monsters inc is a movie made for young people especially for little children rated tv g in the us the film needs to meet some expectations it is clear that this movie is supposed to be funny entertaining and suitable for children at the same time it should be fun for the whole family not only for the kids because the parents form the audience that pays for the movie additionally movies for kids are generally expected to fulfil a pedagogical task as most of disney s movies do there is always the plea for tolerance equality and kindness in disney films like inmulan tarzanor the beauty and the beast the story inmonsters inc however is set on a much more complex basis than the movies that have been produced by disney so far the image of the monster behind closet doors and under the beds of little children usually rather nightmarish material is used to create a whole world beyond the scary creatures this term paper serves to provide a closer look at how the monster is presented in the movie and how this typology can be compared to the common image or stereotype of a monster as well as providing a re framing of the concept on the basis of monster theory in literature there will also be a short discussion of how the characters in the movie are adopting human qualities while creating an everyday life and whether this device is only applied in entertaining the audience in a final step there will be an examination on how this fact influences the story in an inverse manner and thus creates a comical and ironic view on the common concepts of a monster

monsters inc the title of the newest computer animated feature film from disney pixar is where a corporation of monsters collect the screams of children now readers can create their very own album of the movie with over 60 stickers of their favorite characters and scenes from the movie full color illustrations consumable
